PROFILE

As a frontend enthusiast, I have built a strong foundation in modern web development. I specialize in HTML, CSS, JavaScript, and have hands-on experience with React, Next.js, and Tailwind CSS to create dynamic and responsive user interfaces. Passionate about UI/UX design, I am continuously improving my skills to craft seamless and engaging web experiences. My goal is to become a proficient and innovative frontend developer, always staying ahead with the latest technologies.

PROJECT

LalapLah Website   *[Link to Website]*

The LalapLah website is a responsive modern web platform designed for a traditional Indonesian lalapan restaurant. The website showcases the restaurant's menu, location, and services.

This website is built using Next.js with React as the frontend framework, styled with Tailwind CSS for a modern and responsive design. It utilizes Lucide React for icons and leverages the Next.js Image component for optimized image handling. Navigation is managed through the Next.js App Router, ensuring seamless routing and performance.
